"I think people will hopefully be impressed with the pictures and video we've included from throughout our career," said Billie Joe Armstrong, vocalist and guitarist for Green Day. "The blackmail MTV has over Green Day is insane!"

About Green Day

Green Day (Music & Lyrics) – vocalist/guitarist Billie Joe Armstrong, bassist Mike Dirnt, and drummer Tré Cool – were kids from working-class backgrounds who came of age in the underground punk scene in Berkeley. Even though they had released two records prior (1039 / Smoothed Out Slappy Hours and Kerplunk), they announced their arrival with 1994's Dookie, a dynamic blast of exuberant punk-pop that sold 15 million copies and earned the band its first Grammy® Award for Best Alternative Music Performance. Over the years, Green Day continued to top the charts with their subsequent studio albums Insomniac, Nimrod, and Warning, while entertaining millions of fans with their frenetic live shows. But it was their landmark 2004 album American Idiot that launched Green Day into the stratosphere. American Idiot debuted at No. 1 on the Billboard chart, spawned five hit singles, earned seven Grammy® nominations (winning two, including Best Rock Album), and raised the bar for modern rock and roll. Last year, Green Day released its new album 21st Century Breakdown, which won a 2010 Grammy® Award for Best Rock Album. It spawned two hit singles: the gold "Know Your Enemy," which was the first song ever to top Billboard's Rock, Alternative, and Mainstream Rock charts simultaneously, and the platinum "21 Guns," which earned them three 2009 MTV Video Music Awards including Best Rock Video. Green Day also took home an American Music Award for Favorite Alternative Rock Music Artist. For more about the band, visit www.greeneday.com.
